

MEMORANDUM OF UNDERSTANDING

BETWEEN

Major SD Singh University, through its authorized **representative** P. N. Prasad designated as **Registrar** hereinafter referred to as *First Party*.

AND

Lucknow Chemical Corporation, located at Lucknow through its authorized **representative** Smt. Preeti Devi, **Designated** as Managing Director hereinafter referred to as Second party.

Preamble

This Memorandum of Understanding (MoU) is executed on the Date 17-08-2026 with the mutual intent of fostering collaboration between the First Party and the Second Party in the areas of industry exposure (Chemical and Instruments), and professional development.

Acknowledging the growing need for industry-academia partnerships to bridge the gap between classroom education and real-world practices, both parties agree to cooperate in good faith to create platforms that:

- Enhance students' career readiness and employability skills,
- Encourage knowledge sharing between academia and industry, and
- Promote holistic development by aligning educational practices with contemporary industry standards and societal needs.

Purpose of the Agreement

The primary purpose of this Memorandum of Understanding (MoU) is to establish a mutually beneficial partnership between the First Party (University) and the Second Party (Industry) with the objective of bridging the gap between academic knowledge and industrial practices.

Through this agreement, both parties intend to:

- **Enhance Employability:** Equip students with industry-relevant skills, competencies, and practical exposure to prepare them for the professional world.
- **Strengthen Industry: Academia Linkages:** Align curriculum, training, and research activities with emerging industrial trends and technological advancements.
- **Encourage Innovation & Research:** Provide opportunities for collaborative projects, applied research, and problem-solving initiatives that address real-world challenges.

- **Facilitate Career Opportunities:** Create pathways for internships, apprenticeships, placements, and entrepreneurial ventures for students.

Areas of Work under the Agreement

To achieve the objectives of this collaboration, the following areas of work are identified between the First Party (University) and the Second Party:

1. Internships & Industrial Training

- Providing structured internship and industrial training opportunities for students to gain hands-on experience.

2. Skill Development & Capacity Building

- Organizing workshops, certification courses, and training sessions on emerging technologies, tools, and practices.
- Enhancing students' soft skills, communication, and professional etiquette through joint programs.

3. Curriculum Enrichment & Knowledge Sharing

- Industry experts contributing to curriculum design and delivery to ensure alignment with industry requirements.
- Guest lectures, seminars, and webinars conducted by professionals to expose students to real-world applications.

4. Research & Development Collaboration

- Undertaking joint research projects, case studies, and consultancy assignments.
- Encouraging innovation and entrepreneurship through incubation support, mentoring, and collaborative initiatives.

5. Industrial Visits & Exposure

- Organizing regular visits of students and faculty to industry premises for practical exposure.
- Facilitating observation of industrial processes, workflows, and emerging technologies.

6. Placement & Career Guidance

- Extending opportunities for recruitment, campus placements, and career counselling.
- Conducting mock interviews, aptitude tests, and resume-building sessions with industry support.

7. Faculty Development & Knowledge Exchange

- Training and upskilling faculty members through exposure to industry practices.
- Promoting joint knowledge exchange programs between academia and industry experts.

Duration

This Memorandum of Understanding shall remain effective for a period of five years from the date of its execution. Upon expiry, the MoU may be **renewed, extended, or revised** through a written agreement mutually consented to by both parties.

General Terms & Conditions

1. Autonomy & Independence

- Both parties shall maintain their institutional and organizational autonomy.
- Nothing in this MoU shall be construed as creating a legal partnership, joint venture, or employment relationship between the parties.

2. Non-Financial Nature

- This MoU does not obligate either party to provide financial commitments unless explicitly agreed upon through a separate written agreement.
- Any expenditure incurred for joint activities shall be mutually discussed and agreed upon in advance.

3. Confidentiality

- Both parties agree to maintain confidentiality regarding proprietary information, research outcomes, and sensitive data shared during the course of collaboration.
- No confidential information shall be disclosed to third parties without prior written consent.

4. Intellectual Property Rights (IPR)

- The ownership and usage rights of intellectual property arising out of joint research, projects, or innovations shall be decided mutually and documented separately.

5. Implementation & Monitoring

- A joint committee comprising representatives from both parties may be formed to plan, monitor, and review the activities under this MoU.
- Regular meetings shall be conducted to evaluate progress and identify areas for improvement.

6. Compliance with Laws

- Both parties agree to comply with all applicable laws, regulations, and guidelines while carrying out activities under this MoU.

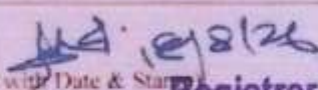

7. Amendments

- Any amendment, modification, or addition to this MoU shall be made in writing and duly signed by authorized representatives of both parties.

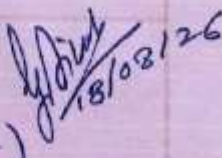

8. Termination

- Either party may terminate this MoU by providing a written notice of at least thirty (30) days in advance.
