Name & Contact Details of the Organiser (s): (Dr.) Nikhil Srivastava (9415262329)

Number of Participants:44

Objective(s) of the Activity:

1. To create awareness among students about cyber security and safe use of digital technologies.
2. To educate participants about common cyber threats such as phishing, online fraud, malware, identity theft, and social engineering.
3. To promote responsible and secure online behaviour, including strong passwords, two-factor authentication, and protection of personal information.

Description of the Activity:

The Cyber Security Awareness Program was organized by the Department of Computer Applications, Faculty of Engineering, Major SD Singh University, on 27 August 2026. The program was conducted for a full day and attended by 50 participants. Dr. Nikhil Srivastava served as the Resource Person and delivered an informative session on various aspects of cyber security. The participants were sensitized about emerging cyber threats, phishing and online scams, password security, privacy protection, social engineering, safe social media practices, and responsible use of digital platforms. Practical examples and preventive measures were discussed to help participants protect their personal and academic information from cyberattacks.

Outcome of the Activity:

The program successfully enhanced the cyber security awareness and digital safety skills of the participants. Students gained knowledge about identifying common cyber threats and adopting preventive measures while using online services. They became more aware of the importance of strong passwords, multi-factor authentication, data privacy, secure browsing, and responsible social media usage. The activity encouraged participants to follow safe cyber practices and contribute towards creating a secure digital environment.
